Project Description

The project is aimed at introducing vocational education and training of housing managers at colleges and sectoral organisations in Kazakhstan and Uzbekistan. The project will develop organisational, institutional and professional capacities of business intermediary organisations (BIOs) to empower them to strengthen private companies engaged in the sector of housing management.

Target groups

- professional housing managers
- BIOs and service providers
- Micro, Small and Medium Enterprises (MSMEs) and entrepreneurs
- education institutions and VET colleges
- national and local authorities

Expected results

- new college curricula for the professional occupations of **housing manager** and **caretaker** developed
- colleges are certified for these new professional occupations
- BIOs developed concepts for introducing a training service for **Housing industry specialists**

Achievements to date

- 9 thematic webinars conducted for 280 representatives of BIOs and MSMEs (130 women / 150 men), recorded an AUDIOCOURSE on ‘Managing homeowner associations’ houses – Experiences from Germany’
- in Uzbekistan, the professional standard for ‘Residential Building Manager (for operation of multi-family buildings)’ and ‘Caretaker’ were developed and being finalized. The developing of two additional educational programmes for ‘Caretaker’ and ‘Manager of Multi-Family Buildings’ in progress
- in Kazakhstan, in frame of the project developed two additional educational programmes for ‘Caretaker’ and ‘Manager of Multi-Family Buildings’. The programmes were included in the register of educational programmes of National Joint Stock Company Talap
