

Portal casA+

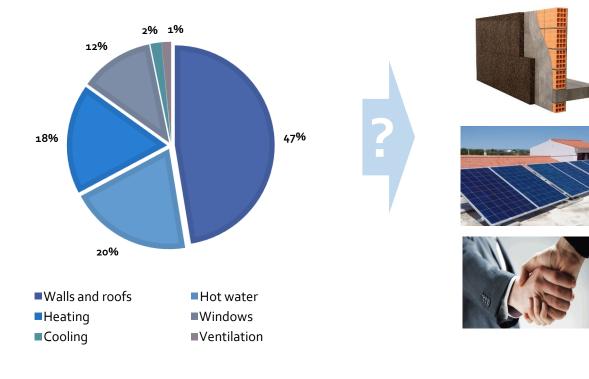

One Stop Shop for Energy Efficiency

Efficiency and comfort at your place, everyday!

António Batalha ADENE – Portuguese Energy Agency

Turning EPCs into real savings

Complying with EPBD

"... accessible and transparent advisory tools, such as **one-stop-shops** for consumers and energy advisory services, on relevant energy efficiency renovations and financing instruments."

Portal casA+ (www.portalcasamais.pt)

Main goals

- ✓ Encourage consumers to improve energy and water performance of their homes
- ✓ Facilitate communication between consumer, expert (energy or water) and companies
- ✓ Monitor the uptake of improvement measures

History

- ✓ June 2024: incentives information
- ✓ June 2021: referred in incentives schemes
- ✓ March 2021: full deployment
- ✓ May 2020: pilot phase release
- ✓ 2019: test and adaptation
- ✓ 2017/2018: specs and development

After 3 years operation...

Lessons learned and future developments

What have we learned?

- ✓ It takes time and requires investment
- ✓ Link to incentive schemes to allow quick scale up
- ✓ Address consumers preferences:
 - ✓ Free access and membership
 - ✓ EPC integration as facilitator
 - ✓ Quick and easy request for proposals
 - ✓ Quality requirements for companies
- ✓ Listen and adapt to companies needs:
 - ✓ free directory vs paid membership
 - ✓ lead generation + affiliates
 - ✓ associations engagement and endorsement

Lessons learned and future developments

What's next?

- ✓ Further integration with incentive schemes
- ✓ Easy access to EPC duplicates by homeowners
- ✓ Renovation guides and other useful content
- ✓ API to facilitate companies CRM integration
- ✓ Financing instruments (banks, etc.)
- ✓ More to come...
